

Ivory Curl Leaf

Nutrients

Rutin
- Flavone Glycoside

Epigallocatechin
- Polyphenol

Deoxy-Glucitol
- Sugar Alcohol

Amino Acids

Amines

Phenolic Acids

Organic Acids

Flavanol derivatives

Benzoic Acid
derivatives

Nutrient Features

Active against hair loss.

Neo-collagenesis activity.

Anti-acne activity.

Inhibition of melanogenesis - reduces coloured pigmentation allowing even skin colour.

Endothemic activity.

Humectant

Anti-inflammatory activity.

Significant anti-oxidant activity.

Conditioning agent.

Reduces membrane liquid peroxidation and DNA damage.

Hair protectant and natural hair conditioner.

Moisturiser.

Alleviates aging induced oxidative stress.

Rehydration and plumping of skin.

Thermal skin aging.

Repairs hair.

Benefits

Reduction of fine lines and wrinkles.

Increased skin elasticity. Reduces the potential of stretch marks.

Potent anti-aging. Potent active for the prevention of skin aging.

Reduces visibility of sun spots.

Dark circle reduction under the eye.

Skin whitening.

Aids cutaneous metabolism to prevent skin alterations (sun spots/age spots/skin blemishes) and early aging.

Protection from damaging free radicals.

Reduces skin redness and irritation and clears pore blockages.

Helps skin recover from over exposure to the sun.

Helps in the growth and protection of hair.

Creates cooling sensation on the skin (aftersun products).

Increases skin hydration. Prevents moisture loss from the skin.

Potent skin/hair conditioning active. Promotes growth of healthy hair.

Reduces potential of early aging and onset of fine lines and wrinkles.

Protects hair from UV damage.

Anti-static agent providing conditioning benefits for the hair.

Adds feel of smoothness to the skin and hair.

Builds hydrolysate moisture in the skin and hair.

Makes skin glow, lumosity.

Potent active in the treatment of heat shock induced skin aging.

Reduces epidermal hyperproliferation.

Wound healing.

Stimulates growth of collagen in the skin.
