

Native Orange Pearl

Nutrients

**Chlorogenic Acid
- Phenolic Acid**

**Benzopyranone
- Chromene**

Flavone Glycosides

Phenolic Acids

Flavanol derivatives

**Benzoic Acid
derivatives**

Xanthones

Naphthoquinones

Nutrient Features

Anti-acne activity.

Significant anti-oxidant activity.

Provides substantial protection from UV radiation.

Anti-Glycation* activity.

Protects against heat shocked skin damage.

Neo-collagenesis activity.

Metalloproteinases inhibitory activity.

Anti-inflammatory activity.

Reduces membrane liquid peroxidation and DNA damage.

Strengthens capillaries.

Alleviates aging induced oxidative stress.

Rehydration and plumping of skin.

Inhibition of melanogenesis - reduces coloured pigmentation allowing even skin colour.

Thermal skin aging.

Repairs hair.

Increased blood flow.

* Glycation is when sugar molecules are present, they grasp onto fats and proteins in a process known as glycation, forming advanced glycation end products, which cause protein fibres, or collagen, to become stiff and malformed.

Benefits

Reduces skin redness and clears pore blockages.

Protection from damaging free radicals.

Helps skin hydration.

Aids cutaneous metabolism to prevent skin alterations (sun spots/age spots/skin blemishes) and early aging.

Reverses the appearance of dimples and cellulite.

Anti-aging and thermal skin aging active.

Suppleness of the skin.

Reduction of fine lines and wrinkles.

Increased skin elasticity. Reduces the potential of stretch marks.

Reduces skin redness and irritation and clears pore blockages.

Potent anti-aging active.

Reduces potential of early aging and onset of fine lines and wrinkles.

Stimulates the growth of collagen reducing fine lines and wrinkles.

Reduces dark circles and puffiness under the eye.

Makes skin glow, lumosity.

Reduces visibility of sun spots.

Skin whitening.

Potent active in the treatment of heat shock induced skin aging.

Promotes growth of healthy hair.

Reduces epidermal hyperproliferation.

Wound healing.

Vasoactive and vasorelaxant activity.
