

# Riberry

## Nutrients

**Anthocyanin**  
- **Flavonoid**

**Tryptophan**  
- **Alpha Amino Acid**

**Biflorin**  
- **Chromone**

**Agycone**  
- **Flavonone**

**Oleanolic Acid**  
- **Triterpene**

## Nutrient Features

Reduces membrane liquid peroxidation and DNA damage.

Improves mitochondrial functionality - promotes regenerative capacity of skin cells. Improves collagen production.

Provides substantial protection from UV radiation.

Protects fibroblasts (new skin cells) from environmental damage.

Hair protectant and natural hair conditioner.

Photo-protection activity.

Potent free radical scavenging activity.

Reduces membrane liquid peroxidation and DNA damage.

Stimulates and protects hair and skin.

Effective skin and hair penetration enhancer.

Inhibits inflammation.

## Benefits

Potent anti-aging active.

Reduces the potential of early aging and onset of fine lines and wrinkles.

Helps restore damaged skin from over exposure to sun and pollution.

Helps to repair connective tissue damage (stretch marks).

Helps skin hydration.

Aids cutaneous metabolism to prevent skin alterations (sun spots/age spots/skin blemishes) and early aging.

Makes skin glow, lumosity.

Helps in the protection of the skin from damaging environmental factors.

Protects hair from UV damage.

Anti-static agent providing conditioning benefits for the hair.

Adds feel of smoothness to the skin and hair.

Builds protein hydrolysate moisture in the skin and hair.

Reverses the UV damage in hair follicles.

Protection from damaging free radicals.

Promotes growth of health hair and skin.

Protects both hair and skin from damaging environmental factors.

Aids in the transport of vital nutrients to the areas of the skin and hair needing help and repair.

Reduces skin redness and irritation.

Helps hair combat damaging UV light from the sun.
