

White Cypress

Nutrients

**Catechin
- Flavan-3-ol**

**Lignan
- Polyphenol**

**Epigallocatechin
- Polyphenol**

**Deoxy-Glucitol
- Sugar Alcohol**

Amines

Flavone Glycosides

Phenolic Acids

Organic Acids

Nutrient Features

Protects against oxidative stress induced cell death.

Protects against heat shocked skin damage.

Inhibition of melanogenesis - reduces coloured pigmentation allowing even skin colour.

Rehydration and plumping of skin.

Protection of hair follicle from sun and pollution damage.

Potent anti-oxidant.

Provides substantial protection from UV radiation.

Neo-collagenesis activity.

Anti-acne activity.

Endothemic activity.

Humectant.

Reduces membrane lipid peroxidation and DNA damage.

Hair protectant and natural hair conditioner.

Strengthens capillaries.

Alleviates aging induced oxidative stress.

Rehydration and plumping of skin.

Benefits

Potent active for the prevention of skin aging.

Anti-aging and thermal skin aging active.

Reduces visibility of sun spots.

Dark circle and puffiness reduction under the eye.

Skin whitening.

Makes skin glow, lumosity.

Maintains health of hair and protects the hair follicle from external damage.

More effective as an anti-oxidant than vitamin C and E together (Catechin-Flavan-3-ol).

Helps skin hydration.

Aids cutaneous metabolism to prevent skin alterations (sun spots/age spots/skin blemishes) and early aging.

Protection from damaging free radicals.

Suppleness of the skin.

Reduction of fine lines and wrinkles.

Increased skin elasticity. Reduces potential of stretch marks.

Reduces skin redness and irritation and clears pore blockages.

Creates cooling sensation on the skin (after sun products).

Prevents moisture loss from the skin.

Anti-static agent providing conditioning benefits for the hair.

Adds feel of smoothness to the skin and hair.

Builds protein hydrolysate moisture in the skin and hair.

Protects hair from UV damage.

Stimulates the growth of collagen reducing fine lines and wrinkles.
